INTRODUCTION

About Us ...

MAI CARE is a United Arab Emirates based manufacturer and distributor of water purification and water filtration processes systems, located in Ajman we specialize in Reverse Osmosis Technology and the design of various advanced Water filtration systems.

MAI CARE is a major and new corporate entrant in to the Middle East Territory

MAI CARE is dedicated to encompass state of the art water processing technology to serve the wide range applications of Residential, Commercial and industrial water purification. Our broad product range includes Reverse Osmosis System, Numerous Water Filtration Systems, UV Water Filtration Systems, UV Sterilizers, Water Softeners, Fine Sediment removal, Fine Media and Specialty Cartridges, many other replacement products and accessories.

MAI CARE Technology's Responsive Engineering and Marketing services are key assets in providing greater timely service to our honorary customers and consumers .

Nonetheless, Our faith lies in our Dictum

"Quality Water Purification Products For Healthier Life"

Residential R.O. systems

Six Stages Big Guage Bracket Stand RO with Quick Fittings, 100GPD Metal Pump.

- 1stage 10" Single Oring Clear Housing with PP.
- 2stage 10" Single Oring White Housing with GAC.
- 3stage 10" Single Oring White Housing with CTO.
- 4stage Membrane..
- 5stage 10" Post Carbon.
- 6stage 10" post mineral .

Auto Shut Off Valve, High Pressure, Low pressure, Mixing Valve, 300 Flow restrictor (Quick)

Installation Kit - Wrench, Tank Valve, Drain Clamp, Plastic Faucet Bracket Adaptor Chrome 1/2"x 1/4", 10M Tube. With Membrane & with one handle Faucet 5.0G Plastic Tank (TP-19). Packed with Color Carton

Six Stages Big Guage Bracket Stand RO with Quick Fittings, 100GPD Metal Pump.

- 1stage 10" Single Oring Clear Housing with PP.
- 2stage 10" Single Oring White Housing with GAC.
- 3stage 10" Single Oring White Housing with CTO.
- 4stage Membrane..
- 5stage 10" Post Carbon.
- 6stage 10" post mineral .

Auto Shut Off Valve, High Pressure, Low pressure, Mixing Valve, 300 Flow restrictor (Quick)

Installation Kit - Wrench, Tank Valve, Drain Clamp, Plastic Faucet Bracket Adaptor Chrome 1/2"x 1/4", 10M Tube. With Membrane & with one handle Faucet 5.0G Plastic Tank (TP-19). Packed with Color Carton

Six Stage Braket RO With JACO Fittings, Black Tubing. 100GPD Metal Pump.

- 1stage 10" Single Oring White Housing with PP.
- 2stage 10" Single Oring White Housing with GAC.UDF
- 3stage 10" Single Oring White Housing with CTO.
- 4stage Membrane.
- 5stage 10" Post Carbon.
- 6stage 10" Post Mineral.

Auto Shut Off Valve, Hight Pressure, Low pressure, Mixing Valve, 300 Flow restrictor (Quick).

Installation Kit- Wrench, Tank Valve, 1/4", 10M Tube. With Membrane and 3 fork Faucet.

4.0G Plastic tank (TP-16). Packed with Color Carton.

Commercial Ro system, 200GPD

- Commercial RO system for Water Filter With 2 Pcs of Pump and Membrane.
- Very durable construction and easy replacement of filter cartridges.

Commercial RO system, 400GPD

- Commercial RO system for Water Filter With 4 Pcs of Pump and Membrane.
- Very durable construction and easy replacement of filter cartridges.

800 ~ 1500GPD

- Stainless steel frame stand.
- Desigend for municipal /tap water source, 200 psi operation pressure.
- Reliable quality components utilized for system construction.
- Optimum water recovery.
- Electro-mechanical relay logic control circuit.
- Dual-level tank switches and controls.
- Plumbed for optimum water recovery

COMMERCIAL R.O. Systems

Water Solution

3Stage Triple Filtration

10" Clean x1, Blue Housing x2 fully assembled. Wite sediment for 1st, carbon for 2nd & 3rd stages and installation kits.

- Remove dust, rust, dirt, silt and other sediment
- Remove nitrate, chlorine, microorganisms,
- Hardness, salt and other chemicals,
- Ideal for residential and food industrial water supply.
- Improve the taste of water
- FDA grade reinforced polypropylene chambers
- Max. Pressure: 125 PSI.
- Max. Temperture: 100 OF/38 oC

2Stage water Filtration

Two 10" Rrgular Filter Housings 5-Micron WPP +GAC Cartridges, Powder Coated Metallic Mounting Bracket & Installation kit.

- Remove dust, rust, dirt, silt and other sediment
- Remove nitrate, chlorine, microorganisms,
- Hardness, salt and other chemicals,
- Ideal for residential and food industrial water supply.
- Improve the taste of water
- FDA grade reinforced polypropylene chembers
- Max. Pressure: 125 PSI.
- Max. Temperture: 100 OF/38 oC

BLUE HOUSING

Housing Features:
Double O Ring to prevent water leakage
Max Pressure: 500 PSI to prevent the breakage for safe protection.
Made of high quality ABS Material.

Contains:
Granular Activated Carbon (GAC) filter to absorb heavy chlorine & chlorine by products such as chloramine, THM and TCE.
